

Mindy Davis

VP of Logistics – Medallion Transport & Logistics

I reside in North Mississippi with my husband of 16 years, Don. We have 4 sons, 4 grandsons and 2 granddaughters. Currently own 3 Gypsy Vanner Horses; we recently downsized our herd, in which we bred, raised, trained and sold Gypsy Vanner Horses. It was a once in a life time experience for me when one of my show horses reached the Hall of Fame status. That was on my bucket list for many years. And this wonderful breed made my dream come true.

My husband and I owned a Trucking company; sold it to Medallion a few years ago. We continue to manage our division, I run the operations managing 23 dispatchers.

My husband and I created a local saddle club that has grown to over 500 members. My passion is working with new families wanting to learn to show, this club is still in existence today operating under the same By-Laws that my team and I created. Over the years I have volunteered in numerous organizations, both profit and non-profit, to bring out the best for all members. Also, I was a team member of a group that created a 501c3 Horse Rescue Charity, to improve horses in need in my community. These experiences have given me a foundation of knowledge that I will bring to GVHS.

Being a member of GVHS since 2019, I have worked on a couple of committees that has given me great insight into GVHS. My extensive work and volunteer experience will be an asset to GVHS. With the growth of any organization comes challenges as well as rewards. As a Board Member, I look forward to helping integrate new ideas and programs to meet the requests and needs of our members. I enjoy mentoring new owners within our breed, trying to share my knowledge of the breed, grooming tips and showing, allowing them to get the most out of their relationship with their horses.

GVHS was originally founded to preserve the Gypsy Vanner Horse.

My desire is to help continue with this mission for the society yet still work together with our members to continue moving this breed and the owners forward. The growth and future success of our wonderful breed is very important to me. I'm a get it done type of person who finds solutions to issues. If I see a problem I will work in our society's best interest to get it resolved in a short timeline... My philosophy is always Right is Right - Wrong is Wrong, regardless of who is involved. We need solutions to a lot of issues we are facing; I want to be an open communicator with you and take your concerns seriously. And turn them into action.

The GVHS Board of Directors over the last 27 years have created a strong horse registry; I want to be part of the continued growth and recognition of the Gypsy Vanner Horse. I wish for us to meet and learn more about our horses; to help all of us enjoy this breed we all fell in love with in the first place, no matter which direction you choose for your horse. I want to be a conduit working with Members, Board of Directors and Officers to continue working through the challenges we are facing for our members. As well as working with members that simply desire to trail ride or breed their horses, we can all enjoy this beautiful breed that brought us all together.

I'm so grateful that I was introduced to this breed many years ago, I have learned a lot, now it is my time to give back to this wonderful group of horses and owners.

I promise to work as a TEAM with the Members/Board of Directors/Officers if you elect me to the Board of Directors.
